Call our number at or browse to [www.goldener-adler-oberried.de](http://www.goldener-adler-oberried.de). For more information please contact our family and our team is always at your disposal.

Room rates include our full breakfast buffet, local tourist tax, VAT and a welcome bottle of mineral water in the room. For longer stays we recommend our "Naturparkhotel-Arrangement" (unfortunately not available on holidays).

Dear clients,

We and our team at the "Goldener Adler" are really looking forward to getting to know you and hoping that we shall be soon welcoming you in true Baden style with our greeting of "Grüssgottle!" Find out all about the different possibilities at the Goldener Adler, that "back-to-nature" countryside of the Dreisam valley in the beautiful Black Forest, that has so much to offer you.

On arrival after your tiring journey you will find a refreshing bottle of Black Forest mineral water awaiting you with the compliments of the house. Check-in-time from 2 pm on and Check-out-time until 11 am.

Sleep and eat like a king without missing all those home comforts. For us it is important to look after you with care and competence. After all what is happiness and enjoyment - different things to different people - but always a harmonious blend of those different things. Our goal is to achieve this for you and to make your holiday with us a memorable and enjoyable one

Axel Maier and his team will make sure that your wish is their command and will ensure that your stay in our house will be remembered as a very positive experience and one that you will wish to repeat. The dining room, which seats 50, is cosily furnished in traditional Black Forest style and decorated with carefully chosen antiques and bric-a-brac from the area. Sitting there one has the feeling that those good old Black Forest days are still very much alive.

The honest and down-to-earth approach of the chef, Bernd Maier, and his team, enable them to conjure for their guests delicious dishes for which only fresh local produce is used. Our menu is chosen only in accordance with the seasons, and offers our guests seasonal specialities, as asparagus and Pfifferlinge (special wild forest mushrooms) and game when in season, and of course includes the regional specialities from Baden.

All you want to do after all, is enjoy yourself - and that is by having a delicious meal with friendly and attentive service in a cosy ambience and that is what we hope to achieve for you. The typical specialities of our house are the marinated liver or fried liver with "braegele" (fresh fried potatoes) veal escalopes (from milk-fed calves) with home-made spaetzle (traditional noodles from this area) and the special game dish called "Hubertus".

---
